Storage & Signage Options for the Powerheart G3 AED Series

Wall Mounted Storage Cabinet with Alarm (Green)

Part No. 55-00392-30

The distinctive curved shape and green door makes it easy to find and open with AED signage.

Wall-mountable steel AED (Automated External Defibrillator) cabinet is specifically designed to securely store your defibrillator in its case for easy access. The cabinet comes with a battery alarm which sounds when the door is opened. The cabinet has the option to be locked with a key or kept unlocked. The alarm can easily be disabled or enabled.

AED Wall Hanger / Bracket

Part No. 180-2023

The AED Wall Hanger / Bracket together with signage is an economical way to store your AED on the wall and within easy access.

The wall hanger is suitable for the AED by itself or if the unit is inside a carry case.

Wall Mounted Storage Cabinet with Alarm & Strobe

Part No. 50-00392-30

These well constructed AED wall cabinets can store your AED in an easily accessible location. The AED sits inside the white cabinet and can be easily seen through the door.

Make it widely known that an emergency is in progress. These options are triggered when the door is opened. The alarm can be easily enabled or disabled.

G3 Carry Case

Part No. 168-6000

This semi rigid carry case provides additional protection for your **Powerheart G3 AED** and makes it easy to grab the unit in an emergency situation.

The large back pouch is perfect for storing extra electrodes and the shoulder strap is easily adjustable. In addition the Rescue Ready indicator and pads expiration date are visible at all times. Fits all 9300 series AEDs.

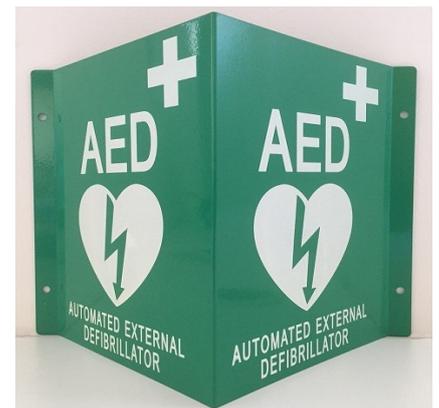

AED Wall Sign

Part No. 168-0056

This 3-D wall sign kit, helps ensure First Responders know where to locate your AED in a sudden cardiac arrest emergency.

The kit includes a highly visible sign which projects from the wall and a decal sticker.

Ready Kit

Part No. 5550

This Ready Kit can be clipped on to the carry sleeve or carry case of any **Powerheart AED** and provides key tools for responding to a sudden cardiac arrest.

The kit includes, gloves, razor, scissors, alcohol wipes, gauze and CPR mask.
